

The Life of Christ – An Overview

Lesson 1 - Introduction

Introduction

Nearly all of the information available on the life of Christ comes from Matthew, Mark, Luke and John. Each book has its own theme and purpose, and therefore uncertainty arises about the exact order of some events. It is the purpose of this class, however, to develop a comprehensive view of the life of Christ. We will do so by identifying ten major periods of His life and learning to group the events of Jesus' life in the major period in which they occurred.

We will also endeavor to gain a greater appreciation of the ebb and flow of His ministry: the rise and fall of His popularity, the source and persistence of His opposition, and above all the manner in which Jesus remains in control of events even to the point of acquiescing to a horrid death.

Ten Major Periods
